**Chrome and polished steel, wherever you look!**

## Carburettor Overhaul ( Dellorto )

When the old Guzzi doesn't run properly and keeps cutting out on tick-over, you've got a problem.

The diaphragm or some other part may be worn out. That's when you need expert advice; not necessarily expensive advice!

We'll take your carburettor and overhaul it completely-optically and technically.

Prices range ( per carburettor )  
from 75,- € - 150,- €
